- I try to save at least fifty thousand yen every month from my salary.
- B Wow, you're so disciplined! I basically just go from month to month.

 The money just disappears!
- A You shouldn't be such a spendthrift! You're always buying new gadgets for your computer and your car.
- B Well, I like all the great stuff I buy. It's my money, so I might as well use it to enjoy myself. Especially while I'm still single.
- A Yeah, but you won't be single forever! **You should start** getting into the habit of putting some money away.
- **B** I'll worry about that later. How can you have any fun if you just think about saving your money all the time?
- A But people waste money without even realizing it. You can save thirty thousand yen a month by not going to coffee shops.
